Binh Dinh, Vietnam

SKILLS

- Language**
English
- Front-End**
HTML, CSS, Tailwind CSS, JavaScript, jQuery, ReactJS
- Back-End**
Java, C#, SQL

CERTIFICATIONS

2022 - 2023: - Has successfully completed the course "WEB DEV FULL STACK OF MISA" (2022)

INTERESTS

- Jogging
- Listening to music
- Reading book

ADDITIONAL INFORMATION

Skype: 0898514784

OBJECTIVE

My objective is to maximize my programming abilities, problem-solving skills, and continuous learning to contribute to the creation of exceptional software products.

EDUCATION

- Quy Nhon University**
Major: Information Technology Aug 2019 - Sep 2023
----- GPA: 3.13/4

WORK EXPERIENCE

- TMA Solutions Binh Dinh**
Developer Java Internship Feb 2023 - Apr 2023
Main responsibilities:
 - Learned about concepts such as Spring Boot, Spring Data JPA, RESTful API, Spring Security and Spring Websocket.
 - Project reportRecognition and Gains:
 - The ability to quickly learn new technologies, complete assigned tasks, and demonstrate strong leadership skills as a team leader.
- Applied Research Institute For Science And Technology**
Developer .NET Internship June 2022 - Aug 2022
 - Learned about concepts such as ASP.NET core, Entity Framework Core.

PROJECT PARTICIPATION

- Transportation Company Management Website**
Web-API: Java Feb 2023 - Apr 2023
Team members: 4
Role: Leader
Project description:
 - The system allows customers to view available trips, choose a trip, select a vehicle, choose a seat, and book tickets. Websocket technology is applied to optimize the ticket selection process. The administrator will manage trips, employees, customers, and statistical functions. Employees will play a role in customer service, and they can view user information. Drivers will be able to view the schedules of their trips.My Contributions:
 - Work division for team members, requirement analysis and database design, project structure setup, database migration with Flyway, security configuration, user management, socket for ticket booking.Additional Project Information:

- Consolidate skills in Java, Spring Boot, Spring Security, Spring Data JPA, Spring WebSocket, PostgreSQL.
